

Second circular

Dear Colleagues,

The Miller Conference on Radiation Chemistry is an international meeting which is held every two years, gathering participants from all over the world. Only eight months remain until the opening of the 32nd Miller Conference on Radiation Chemistry 2023, which is scheduled in Furiani, Corsica Island, France from June 3, 2023 to June 8, 2023.

We are pleased to announce that **online registration** form is available on Conference website: <https://miller2023.sciencesconf.org> from **October 10, 2022**. The deadline for early bird registration is **March 3, 2023** while registration will be definitively closed on **May 3, 2023**.

Also, **abstract submission** for oral/poster presentation is possible from **October 10, 2022**. On the page “Abstract Submission” of Conference website, you can download the template, fill it in and submit it. The deadline for abstract submission is **January 23, 2023** while notification of decision on abstract acceptance will occur no later than **February 13, 2023**.

Please arrange your registration and upload your abstract as soon as possible. For all relevant information concerning important dates, venue, program, accommodation and events, please refer to the Conference website which will be updated regularly.

We look forward to seeing you all next June in Corsica Island.

Sophie Le Caër and Samy Remita

Miller Conference 2023 Chairs
